

## OVERVIEW

Step Ahead is a women owned small business and 8(a) firm located in San Jose, CA. We are a certified and approved MSP and MSSP for AWS, Google, Sophos, KnowBe4, Veeam and Cyberark. Besides, we are also a licensed training provider (LTP) for CMMC and a RPO (Registered Practitioner Organization). We accelerate OSC in their CMMC certification process through training, workshops and adoption of Acutis Cloud Enclave (ACE) - secure private cloud implemented in AWS cloud and integrated with all 110 practice controls. It is now available in AWS Marketplace Public Listing.

## CORE COMPETENCIES

Value-added reseller for Google Workspace and Microsoft Office 365, bolstered by CMMC-based security controls.

Certified as a CyberAB validated Licensed Training Provider (LTP) and Registered Practitioner Organization (RPO).

Expertise spanning MSP, GenAI, DevOps, AI, ML, Big Data, Data Lakes, Enterprise Applications, Business Analytics, Web Design, Development, and IT Applications.

Proficiency in IT Project Management, IT training, and IT Consulting, along with IT Staff augmentation services.

Recognized as a value-added reseller and implementation partner for AWS Cloud, Google Cloud Platform, Microsoft Azure, Sophos, and Datto solutions.

## PAST PERFORMANCE

**Federal Aviation Administration** : \$14,560 for 5-day on-site Python 3 Training with Step Ahead On Demand Labs.

**BE Aerospace** : \$1.18M, 30-month engagement, 7 IT resources, hosting an Enterprise Data Warehouse for 150 users on AWS Cloud.

**Bosch Healthcare** : \$347K, 7-month engagement, 2 resources, focusing on financial and supply chain analytics with JD Edwards Data.

**Jeppesen Sanderson** : \$278K, 5-month engagement, 2 IT resources, providing Oracle HCM analytics using customer survey and PII data for 57 users.

## DISTINGUISHING FACTORS

Immediate access to Acutis Cloud Enclave (ACE), CMMC 2.0 compliant enclave.

Authorized GenAI and CMMC 2.0 training.

Experience transparency with our pay-as-you-go pricing model, aligned with CMMC practices.

Choose from comprehensive, CMMC 2.0 Level 1 and Level 2 compliant secure enclaves, available across major cloud platforms.

Leverage expertise across critical domains, including cybersecurity, cloud computing, data warehousing, and business intelligence, through our team of SMEs.
